**13 strict quality control process
imparts each CANGAS® system
outstanding quality and high
reliability**

Key Features:

- All-in-one design, all systems are integrated on a skid or two skids for easy installation and operation
- High efficient and stable
- Fully automatic control
- Low maintenance
- Time-proven technology & design
- Durable
- Dependable controlling system and processing valves ensure reliable performance

Specification:

- Oxygen purity: 99%±0.5%
- Oxygen capacity: 1~200Nm³/h
- Delivery pressure: 4-5barg or customized
